1. Foreword

Article 23, para. 23.2 of the Rules governing the regulated market and the platform for registering bilaterals of guarantees of origin (hereafter P-GO Rules) stipulates that the types of GOs tradable in the M-GO shall be those identified in para. 23.3 thereof and whose value shall be defined in the Technical Rules.

Article 30, para. 30.1 a) of the P-GO Rules provides that bilateral transactions between operators, concerning GOs of the value specified in the Technical Rules, differentiated on the basis of their type as per Article 23, para. 23.3 and of the related generation period as per Article 23, para. 23.4, shall be registered on the PB-GO under the procedures set out in Section I, Subsection II of the P-GO Rules.

Article 30, para. 30.1 b) of the P-GO Rules provides that bilateral transactions, resulting from the auctioning procedures organised and managed by GSE under AEEG's Decision ARG/elt 104/11 and concerning GOs of the value specified in the Technical Rules, differentiated on the basis of their type as per Article 23, para. 23.3 and of the related generation period as per Article 23, para. 23.4 of the P-GO Rules, shall be registered on the PB-GO.

2. Value of tradable GOs

The value of the tradable GOs shall be equal to 1 MWh.
